

Carbondale CO, June 2, 2009 for Immediate Release

The Carbondale Wild West Rodeo is pleased to announce a special entertainment event at the Rodeo on Thursday June 11, 2009. Joining us for one night only is Sally Bishop who will entertain us with her unique skilled riding of 4 horses. She will perform 4-up Roman riding, something rarely seen these days. Demonstrating both control and speed, Sally stands on two horses and drive the other horses – all running at a full gallop. There will be jumps and other technical challenges in this not to be missed specialty act.

The Carbondale Wild West rodeo will return to Carbondale for its 7th season on Thursday June 4, 2009 a 12 week series which runs until August 20th. The very popular rodeo series is produced by a not-for-profit, volunteer association committed to keeping the Roaring Fork Valley's western heritage alive by offering a fun family-oriented event for residents and visitors alike. "We are a small town rodeo with big time fun for everyone" says Association President Dave Weimer. We hope to see everyone there; it's the place to be on Thursday night.
